SAN FRANCISCO, Sept. 11.—W. H. Avery, general agent of the Toyo Kisen Kaisha in this city, returned yesterday in the liner Hongkong Maru, accompanied by Mrs. Avery, from a four months' sojourn in the Orient. Mr. Avery left here on May 15th in the Nippon Maru, and has visited Japan, Manila and Hongkong. One of the objects of his trip was to examine the Hamburg-American steamships Hamburg and Kaichou, which the Toyo Kisen Kaisha contemplated purchasing for the line connecting this port with the Orient. He looked over the vessels in the Orient, and while finding them palatial and in many respects faultless, they were found to be unsuited to the Pacific trade, principally owing to their high superstructure. So the Japanese stockholders, who had depended to a great extent upon General Agent Avery's opinion, have decided not to purchase the vessels.

It is understood that plans and specifications for two or more steamers for the San Francisco route have been approved by the Toyo Kisen Kaisha, but no contracts for their construction have yet been awarded. The steamers will, however, be built in Japan, probably at Nagasaki, and will be of about 11,500 tons capacity, with a speed of nineteen knots an hour, and thoroughly up to date in all their equipment. The Japanese stockholders in the company are, from all accounts, quite satisfied with the showing made by their three lines on the San Francisco route, and intend to improve their opportunities in every way possible.

Seeking a New Field.

There is a rumor current that the China Commercial Steamship Company will look for business on Puget Sound. Verification of this report cannot be made here at present, for the reason that General Agent Comfort is out of the city and will not be back for some days, but it is said that the Clavering, now in port, is to go from here to British Columbia to coal, preliminary to calling at Seattle and Tacoma for freight before starting on her trip to Hongkong. The attractive feature of the line's establishment early this year was the prospect of making money by transporting Chinese laborers from China to Manzanillo at \$75 or thereabouts per head, but the opposition of both the Mexican Government and the Pacific Mail Company soon put a damper on the business and the last few steamers of the China Commercial Company have omitted the Manzanillo end of the trip, coming direct from China and Japan with no Chinese passengers and only light cargoes of

freight. Although the line is backed by ample Chinese capital, the outlook for success under the present arrangement is not considered flattering, and there may be something in the rumor that the Puget Sound field is to be drawn upon.—Chronicle.

Gaelic Comes and Goes.

The Gaelic got in from San Francisco yesterday morning early and sailed again for the Orient at five o'clock. The Gaelic brought six days' later mail. She sighted the Nebraskan, Solace and Peking on her down trip. Few passengers are making the trip on the steamer. R. J. Tobin and W. J. Tobin are San Francisco society men bound for Yokohama. B. S. Ambler is a Justice of the Philippine Supreme Court. W. E. Pulliam, new deputy collector for Manila, was also a passenger. Quite a number of Japanese departed on the Gaelic for Yokohama.

Chartered Sailing Vessels.

Castle & Cooke and Brewer & Co. have already chartered thirteen vessels for carrying sugar around the Horn next year. Altogether the sailing ships under charter have a capacity for 44,000 tons of sugar. They are as follows: Luzon, 2100; A. G. Ropes, 4000; S. P. Hitchcock, 3400; Hawaiian Isles, 3700; Nuuanu, 1700; John Ena, 4800; Tillie E. Starbuck, 3200; Poohing Suey, 1800; C. S. Bement, 3200; Fort George, 3000; L. F. Chapman, 3400; Willscott, 3800; Aryan, 3500; Helen Brewer, 2800; total, 44,400.

Minneaska Ready for Sea.

The large freight steamer Minneaska came down from Crockett yesterday, ready to sail for New York with sugar and a large general cargo. She went up to Crockett to take on 5000 tons of sugar brought from Hawaii by the steamer Nevada some weeks ago, but from accounts sent down from the river, point the Minneaska had to discharge about 550 tons of the freight last Saturday on account of a heavy list that resulted.—Chronicle.

More Sailing Vessels Arrive.

The barkentine Amella arrived yesterday morning from Eureka, fifteen days out. She has 420,000 feet of lumber for Allen & Robinson. The bark Mohican arrived from San Francisco early yesterday morning. She made the trip in eleven days. The S. C. Allen was docked at the lumber wharf yesterday morning. She has 750,000 feet of lumber for Allen & Robinson.

Was Near the Beach.

The schooner Honolulu, twenty-eight days from Honolulu, Hawaii, arrived outside yesterday with a cargo of sugar, but was carried by the tide close to the beach south of the Cliff House. The tug Relief went outside late in the afternoon to render assistance. The vessel is said to have been aground at Honolulu on her last trip to Hawaii.—Chronicle.

Immigrants Rejected.

Two rejected Japanese immigrants were returned on the Gaelic yesterday. They were brought here by the City of Peking and the immigration officials found that one of them had trachoma and the other had leprosy.

TO RETURN VISIT**

LONDON, Sept. 11.—The Press Association today announces that the British Home Squadron will be sent to the United States on a courtesy visit in return for the American action in sending a squadron to Portsmouth.

The Home Squadron which is commanded by Vice Admiral Sir Arthur K. Wilson, has just returned from a successful participation in the Naples maneuvers and will sail Sept. 16 for a five weeks' cruise around Scotland. Shortly afterward according to the announcement the squadron will sail for America. The British Home Squadron consists of the first class battleships Benbow, Empress of India, Hood, Revenge, Royal Oak, Royal Sovereign and Sans Pareil, the second class battleship Anson, the first class cruisers Edgar and Hawke, the second class cruisers Dido, Mersey, and Venus and several other powerful vessels.
